

APPLIED BEHAVIOR ANALYSIS (M.A.)

Includes a Verified Course Sequence of the Association for Behavior Analysis International (ABAI)

The master's degree in Applied Behavior Analysis, is a standalone degree program training students to become practicing behavior analysts. Graduates of the program will be able to sit for the Board Certification Examination administered by the Behavior Analyst Certification Board (BACB®) upon completion of additional supervised experience hours (2000 hours in total) outside of the program requirements. The program is a 42-credit course sequence that is designed to be completed within two years of full-time study. The program contains 30 academic course credits, 6 fieldwork practicum credits and 6 research thesis credits. All course content is consistent with the 5th edition task list of the BACB®. Potential students must have obtained a Bachelor of Arts degree in a related field of study.

Admissions Requirements for the M.A. in ABA Degree Program

All applicants must meet the following admissions requirements for the program:

- Bachelor's degree in education, psychology, or other related field
- Minimum GPA of 3.0 in undergraduate coursework
- Official transcripts of their undergraduate coursework
- Writing sample: a research-based paper in psychology or education of at least ten pages that was previously submitted as part of an undergraduate course. Other subject matter may be considered if the candidate has had limited prior psychology or education work.
- Two letters of recommendation
- Personal statement describing reason for pursuing graduate study in Applied Behavior Analysis at Seton Hall University

Code	Title	Hours
Required Courses		
EDST 7316	Intro Applied Behavior Analys	3
EDST 7317	Measurement - Exp Dsgn in ABA	3
