

GLOBAL HEALTH MANAGEMENT GRADUATE CERTIFICATE

The increasing occurrence of public health epidemics, concerns with bioterrorism and a pressing need for innovative approaches to health crises all point to the importance of a global approach to health management. Students in the Graduate Certificate in Global Health Management program will be prepared to offer leadership in this area by developing an understanding of health governance, security and policy within a diverse and globalized world.

Our main campus is located 14 miles from New York City, in a region filled with top-notch healthcare facilities including hospitals, rehabilitation centers, medical programs and research institutes. International actors – like the United Nations and a host of nonprofit organizations that are active in global health and development – are also in close proximity. In addition, many of the healthcare administration courses are available online. Our supportive community and career resources will help students take this important step in advancing their career goals.

The Certificate in Global Health Management is a 15-credit sequence of required and elective courses offered by the School of Health and Medical Sciences (through the Master of Healthcare Administration Program) and the School of Diplomacy and International Relations. This certificate program is designed to give students the tools to analyze, understand and address global issues affecting the health sector. Students complete required and elective coursework in areas such as emergency management, bioterrorism, population health, global impact of infectious disease, healthcare policy, ethics in healthcare administration and preventing humanitarian crises.

Admission Requirements

Applicants for the Graduate Certificate in Global Health Management must meet the following admission requirements:

- Graduate of an accredited college with a bachelor's degree;
- 400-500 word statement of goals and career interests;
- Completed application form;
- Official transcripts from all undergraduate courses and, if applicable, graduate courses;
- Three letters of recommendation;
- Curriculum vitae or résumé; and
- English language proficiency.

Application Deadlines

Applications are reviewed on a “rolling admissions” basis with the following preferred deadlines: August 1 for the Fall term; December 1 for the Spring term.

Students admitted to this certificate program may elect to apply their coursework toward an M.A. in Diplomacy and International Relations degree and/or the Master of Healthcare Administration (M.H.A.) Degree. Current students and recent graduates of the Seton Hall Master of Healthcare Administration program and the Master of Arts in Diplomacy and International Relations program may be able to apply earned credits toward the Graduate Certificate in Global Health Management.
