ACCOUNTING CERTIFICATE

The Certificate in Accounting provides students who already have a business degree with additional accounting credits that can be used to become educationally qualified to sit for the Uniform CPA Examination and ultimately to be licensed as a Certified Public Accountants. The certificate consists of the following required courses:

Code	Title	Hours
Required Courses		
BACC 7100	Financial Reporting	6
BACC 7123	Auditing Standards and Problems	3
BACC 7128	Advanced Accounting	3
BACC 7135	Essentials of Federal Taxation	3
Total Hours		**15**

These classes are standard requirements of virtually all accounting programs. Students completing this Certificate in Accounting are eligible to apply to one of our graduate programs in accounting and can use all certificate courses to fulfill applicable degree requirements.
