A minor in Spanish exposes students to one of the world's most spoken languages and to the rich and varied cultures of Spanish-speaking countries around the globe. The Spanish minor emphasizes skill in the language, literatures, and cultures of the Hispanic world. In addition to direct language instruction, students have access to an array of advanced courses in conversation, film, special topics, culture, business, international relations, diplomacy, and literature to augment their future careers.

Students are required to take an online placement test through the Global Learning Center *(*https://www.shu.edu/global-learning-center/language-placement-testing.html*) in order to register for classes in any language(s) that they have previously studied.*
