

PSYCHOLOGY MAJOR DUAL DEGREE WITH A CONCENTRATION IN SPEECH- LANGUAGE PATHOLOGY B.A./ M.S.

*This is a six year (4+2) dual degree program leading to a Master of Science in Speech-Language Pathology. The undergraduate program consists of the BA or BS degree in Psychology including 18 credits of speech-language pathology courses. Students in this program are offered automatic admission into the Master of Science in Speech-Language Pathology program if the following requirements are met. Note that students must complete all of their major requirements, general education requirements, speech-language pathology prerequisites, and any other undergraduate requirements in their four years as an undergraduate before entering the graduate professional phase of the program. The following criteria need to be met in order to maintain the guaranteed admission to the graduate portion of the 4+2 program:

1. Students must maintain a cumulative GPA of 3.2, as well as earn a grade of B or better in each GMSL course. GPA requirements are exact and will not be rounded to determine eligibility.
2. A student will be allowed a total of one repeat of one of the six GMSL undergraduate courses only if a grade of B is not obtained during the first attempt. A second grade of B- or below in any of the speech-language pathology preparatory courses results in a loss of automatic admission which cannot be regained. Note that:

Code	Title	Hours
GMSL 5001	Phonetics	3
GMSL 5003	Language Development	3
GMSL 5004	Audiology	3
GMSL 5005	Anat - Phys Speech Swall Mech	3
GMSL 5006	Hearing and Speech Science	3
GMSL 5007	Introduction to Communication Disorders	3

must be taken while students are matriculated as undergraduates. These courses are not offered every semester and an opportunity for a re-take is not guaranteed. A student in the dual-degree program who earns lower than a B in a GMSL course during their senior year may still be eligible for automatic admission to the program if they (1) obtain a letter of support from the Psychology department chairperson and (2) re-take the course at SHU as a non-matriculated student after completing their undergraduate requirements and earn at least a B on the second attempt.

3. The five Arts and Sciences courses required by the Council on Academic Accreditation in Audiology and Speech-Language Pathology and Council for Clinical Certification in Audiology and Speech-Language Pathology (English, statistics, biology, physical science, and social behavioral science) must be completed with a grade of "C" or higher.
4. If a student's cumulative GPA falls below 3.2, automatic admission to the graduate Speech-Language Pathology program is lost. Upon dismissal, the student's major code will be automatically switched from PSSA to PSYC (BA) or from PSSS to PSYS (BS). The student cannot retake courses to increase their GPA and regain admission

into the program. Any student losing automatic admission to the graduate Speech-Language Pathology program is welcome to apply as part of the general applicant pool. Note, however, that additional requirements may apply. Those applying as part of the general applicant pool are advised to check the Seton Hall University Speech-Language Pathology website for details.

5. Conferral of the BS/BA degree in Psychology

* Note, this is not an undergraduate speech-language pathology program. No certificate in speech is awarded at the end of the undergraduate degree. All speech-language pathology prerequisite courses must be completed at Seton Hall University; transfer students with speech courses from other institutions must complete the six required courses at Seton Hall.

Additional Requirements for transferring into the 4+2 program

- Internal and external transfer candidates interested in transferring into the 4+2 program must have a cumulative GPA of 3.2 or higher.
- Candidates seeking to transfer into the 4+2 program must not have completed more than 67 credits and must transfer prior to the beginning of Fall junior year.
- If internal transfer candidates (i.e., those transferring in from another major at Seton Hall) have taken any of the five Arts and Sciences courses required by the Council on Academic Accreditation in Audiology and Speech-Language Pathology and Council for Clinical Certification in Audiology and Speech-Language Pathology (English, statistics, biology, physical science, and social behavioral science) prior to matriculation into the 4+2 program, a grade of "C" or higher is required. These courses must be taken at Seton Hall University; transfer courses cannot be accepted.
- The six GMSL speech-language pathology courses are required to be taken at Seton Hall University; transfer courses cannot be accepted.
- Transition process from Undergraduate to Graduate portion of the program
 - Students will receive notification about the automatic admission to the graduate portion of the 4+2 program provided all criteria listed above are met and the undergraduate degree is conferred.
 - Students will submit a personal goal statement during the spring semester of their senior year in the undergraduate portion of the program.
 - Students will submit a report during the spring semester of their senior year in the undergraduate portion of the program demonstrating the accrual of 25 observation hours and signed by an ASHA certified CCC-SLP.

In addition to meeting the standards and requirements of the University Core and of the College of Arts and Sciences, B.A. degree candidates must complete a minimum of 43 credits in psychology of which 27 are required. MATH 1203 Stats Models for Soc Science is strongly recommended (any MATH class at the 1101 level or higher meets the Department requirement). The core sequence courses, PSYC 1201 Orientation to the Psychology Major, PSYC 2311 Elementary Psychological Statistics, PSYC 3311 Research Methods, and PSYC 5111 Seminar in Psychology, may each be taken a maximum of two times. Students also must earn at least a C- in each of these courses as well as PSYC 1101 Introduction to Psychology and PSYC 1201 Orientation to the Psychology Major.

Link to College Core requirement (<http://catalogue.shu.edu/undergraduate/college-arts-sciences/core-curriculum/>).

Through the advising process, individual programs are tailored to the student's needs and objectives. The psychology major includes the following:

Code	Title	Hours
Required Courses		
PSYC 1101	Introduction to Psychology	3
PSYC 1201	Orientation to the Psychology Major	1
PSYC 2311	Elementary Psychological Statistics	4
PSYC 3311	Research Methods	4
PSYC 5111	Seminar in Psychology	3
Social/Developmental Course		
Select one of the following:		3
PSYC 1212	Child Psychology	
PSYC 1213	Adolescent Psychology	
PSYC 1214	Adult Development	
PSYC/WMST 1215	Psychology of Gender	
PSYC 2210	Health Psyc in a Diverse Socie	
PSYC 2212	Developmental Psychology	
PSYC 2216	Social Psychology	
Fieldwork/Applied Course		
Select one of the following:		3
PSYC 1216	Industrial/Organizational Psychology	
PSYC 1219	Sport Psychology	
PSYC 1222	International Psychology	
PSYC 1223	Psychology of Religion	
PSYC 2222	Cultural Psychology	
PSYC 2229	Leadership & Soc Systems	
PSYC 2315	Laboratory Research Experience	
PSYC 2318	Experiential Learning in Psychology	
PSYC 3408	Internship in Psychology	
PSYC 3409	Internship in Psychology	
PSYC 3410	Internship in Psychology	
PSYC 3411	Internship in Psychology	
PSYC 3412	Internship in Psychology	
PSYC 3413	Internship in Psychology	
PSYC 3711	Undergraduate Teaching Assistant in Psychology	
Clinical/Professional Course		
Select one of the following:		3
PSYC 1218	Drug and Alcohol Abuse	
PSYC 1221	Exceptional Child Psychology	
PSYC 2211	Personality Concepts	
PSYC 2214	Mental Health	
PSYC 2215	Psychological Testing	
PSYC 2220	Behavior Modification	
PSYC 3112	Theories and Techniques of Clinical Work	
Biological Basis of Behavior and Mental Processes Course		
Select one of the following:		3
PSYC 3213	Sensation and Perception	
PSYC 3217	Biological Psychology	

PSYC 3219	Cognitive Neuroscience	
Learning and Cognition Course		
Select one of the following:		3
PSYC 3114	Cognition and Data Visualizati	
PSYC 3214	Cognitive Psychology	
PSYC 3216	Motivation and Emotion	
PSYC 3220	Learning	
Experimental Learning Requirement		
Select one of the following: *		
PSYC 2315	Laboratory Research Experience	
PSYC 2318	Experiential Learning in Psychology	
PSYC 3408	Internship in Psychology	
PSYC 3409	Internship in Psychology	
PSYC 3410	Internship in Psychology	
PSYC 3411	Internship in Psychology	
PSYC 3412	Internship in Psychology	
PSYC 3413	Internship in Psychology	
PSYC 3711	Undergraduate Teaching Assistant in Psychology	
Laboratory Requirement		
Select one of the following: **		1
PSYC 3224	Cognitive Psychology Lab	
PSYC 3225	Learning Laboratory	
PSYC 3226	Behavioral Modification Lab	
PSYC 3227	Biological Psychology Lab	
PSYC 3228	Social Psychology Laboratory	
PSYC 3229	Personality Laboratory	
Psychology Electives		
Select 12 additional PSYC credits ***		12
Total Hours		43

* Students are required to take one experiential course as part of their B.A. degree requirements. This class does not constitute additional credits.

** Students are required to take one Psychology laboratory credit with the pre or co-requisite of the related 3-credit course as part of their B.A. degree requirement (see above).

*** At least 6 credits at the 2000-level or higher. No more than 6 PSYC elective credits can come from experiential learning courses (Internship, Laboratory Research Experience, or Independent Study).

GMSL: Health and Medical Sciences

Undergraduate courses open to all. All students (including transfer students) enrolled in the 4+2 PSYC - M.S. in Speech- Language Pathology program are required to take the following six online and/or hybrid courses at Seton Hall University.

Code	Title	Hours
GMSL 5001	Phonetics *	3
GMSL 5003	Language Development	3
GMSL 5004	Audiology *	3
GMSL 5005	Anat - Phys Speech Swall Mech	3
GMSL 5006	Hearing and Speech Science	3

GMSL 5007	Introduction to Communication Disorders	3
Total Hours		18

* These courses are only offered in the Summer (May through the middle of July).

Students in the 4+2 program must also take a statistics course, a physical science course (physics or chemistry), a biological science course, and a social/ behavioral sciences course, and earn at least a C grade in these courses.

Course	Title	Hours
First Year		
First Semester		
PSYC 1101	Introduction to Psychology	3
ENGL 1201	Core English I	3
MATH 1203	Stats Models for Soc Science	3
CORE 1101	Journey of Transformation	3
CORE 1001	University Life	1
1	Philosophy course to complete A&S Philosophy and Religion requirement	3
Hours		16
Second Semester		
PSYC 1201	Orientation to the Psychology Major	1
ENGL 1202	Core English II	3
CHEM 1001 or PHYS 1001	Chemistry and the World Around Us - An Integrative Approach or Intro to Physical Science	3
1	course to meet A&S Aesthetics & Creativity requirement	3
1	1000- or 2000-level course from Social/Development category in PSYC	3
1	Religion course to complete A&S Philosophy and Religion requirement	3
Hours		16
Second Year		
First Semester		
BIOL 1101 or BIOL 1104 or BIOL 1105 or BIOL 1106 or BIOL 1115 or BIOL 1116 or BIOL 1122 or BIOL 1123	Introduction to Biology or Biology in the World Around Us or Human Structure-Function I or Human Structure-Function II or Human Structure-Function I or Human Structure-Function II or Human Anatomy and Physiology I or Human Anatomy and Phys I Lab	3
PSYC 2311	Elementary Psychological Statistics	4
1001	Elementary I Language course (e.g., Arabic, Italian, Spanish, etc.)	3
1	1st course of A&S Humanities sequence requirement	3
1	1000- or 2000-level course from Clinical/Professional category in PSYC	3
Hours		16
Second Semester		
CORE 2101	Christianity and Cult in Dial.	3
1	course from Clinical/Professional category in PSYC	3
PSYC 3311	Research Methods	4
1002	Elementary II Language course (e.g., Arabic, Italian, Spanish, etc.)	3
2nd	course of A&S Humanities sequence requirement (3 cr)	3
Hours		16
Third Year		
First Semester		
CORE 3XXX	Engaging the World	3
PSYC 3408	Internship in Psychology	3
2001	Intermediate I Language course (e.g., Arabic, Italian, Spanish, etc.) *	3
1	Bio basis of behavior category course in PSYC	3
GMSL 5007	Introduction to Communication Disorders (counts as general elective)	3
Hours		15

Second Semester		
2002	Intermediate II Language course (e.g., Arabic, Italian, Spanish, etc.) *	3
1	course meeting A&S Diversity requirement	3
1	social science class meeting A&S Social Science requirement	3
1	learning and cognition category course in PSYC	3
1	laboratory course in PSYC	1
GMSL 5006	Hearing and Speech Science	3
Hours		16
Summer		
GMSL 5001	Phonetics	3
GMSL 5004	Audiology	3
Hours		6
Fourth Year		
First Semester		
PSYC 5111	Seminar in Psychology	3
1	PSYC elective at 2000-level or higher	3
1	PSYC elective at 2000-level or higher	3
1	General elective or course towards minor	3
GMSL 5005	Anat - Phys Speech Swall Mech (counts as general elective)	3
Hours		15
Second Semester		
1	PSYC elective	3
1	PSYC elective	3
GMSL 5003	Language Development	3
1	General elective or course towards minor	3
Hours		12
Total Hours		128

Note that these are courses taken during your 4 undergraduate years only – consult with your SLP advisor and the university catalog for graduate requirements.

* Intermediate level language courses meet A&S Oral Comm requirement.
