

PSYCHOLOGY MINOR

The psychology minor is designed to expose students to a range of perspectives, methodologies and content areas. In addition to the introductory course (PSYC 1101 Introduction to Psychology), students must select courses from three of the five categories of psychology courses. This provides sufficient breadth while permitting the students, with advisement, to obtain depth with the two remaining elective courses.

Requirements

Code	Title	Hours
PSYC 1101	Introduction to Psychology	3
Select one course from three of the five following categories:		9
Poetry Social Development (p. 1)
