BMIS - MGMT INFORMATION SYS (BMIS)

BMIS 3721 Prob Solv and Prog Tech I (3 Credits)
This is a first course in computer programming for business majors. Students are exposed to algorithms and programming techniques, with a focus on business-oriented problems. After successfully completing this course, students should be able to translate a basic problem into a well-designed computer program. The programming language used in the course is Java. Prerequisite: BMIS 2701 and MATH 1303 or permission of instructor. Not offered 2007-2008.
Prerequisites: BMIS 2701 (may be taken concurrently) and MATH 1303 (may be taken concurrently)

BMIS 3728 Comp in a GUI Environment (3 Credits)
Prerequisites: BMIS 3727 (may be taken concurrently)

BMIS 3729 Object Oriented Programming (3 Credits)
Prerequisites: BMIS 3727 (may be taken concurrently)
