

# SOBS - SOCIAL - BEHAVIORAL SCI (SOBS)

---

## **SOBS 1101 Integrated Human Science (3 Credits)**

An introduction to the human sciences as modes of thinking and practice. With theoretical, applied, and career components, students will appraise research that examines social phenomena from at least two social-scientific disciplines; develop their own multilevel reasoning; and refine their communication and career skills in connection to potential professional and vocational paths.

## **SOBS 5002 Senior Seminar in Social and Behavioral Sciences (3 Credits)**

The capstone course for majors, integrating the knowledge and skills acquired in the SOBS program and fulfilling graduation requirements for SOBS and SOBT majors. Students carry out a significant research project on a topic decided in consultation with the instructor.
